Our History

Dear Friends & Value Customers,

Back Support Systems Inc. began in 1989 with the introduction of “The Angle”, a revolutionary lumbar traction device. Our highly acclaimed therapeutic pillows and products have served countless patients and health care professionals sell and support our products.

By 1994, we received our second U.S. Patent for “The Angle” & “Knee-T” further affirming their uniqueness. These are the first of many. Currently, we manufacture 10-patented products. We are proud to offer this outstanding merchandise and grateful to our manysatisfied customers.

With many of our products, they carry Life-Time warranties. We have a proven history of satisfied customers. We are proud to be Made in the USA and provide only the best in innovative technologies. Satisfaction Guaranteed.

Jeff Kalatsky
CEO & Founder

The Angle Body System™

The Angle Body System™ is the perfect way to relax when you need upper and lower body support. The Angle, the name of the individual leg support, has helped millions get back to health. A requirement for everyone to be completely supported and rejuvenated.

This system is perfect if you have been using regular bed pillows and reading or using a laptop in bed. It also works great on the couch too. If you are between 5'3" and 5'6" you will need to order a small. Under 5'3" in height, order a petite.

Large fits 5'7" and up to about 6'0". System Details: Made of environmentally safe, Bio-Foam, Patented and made in the USA, Pure Certified Washable, Removable, Hypoallergenic Bamboo Covers and potentially insurance billable.

"The Angle" Sizing Chart

PICKING THE CORRECT PILLOW SIZE DEPENDS ON YOUR HEIGHT.
YOUR HEIGHT IS THE KEY TO UNLOCK THIS PILLOWS BEST RESULTS.

| PART NUMBER | HOW TALL ARE YOU? YOUR HEIGHT UP TO | ANGLE SIZES |
|---------------|--|-------------|
| ANG SYS SMALL | 5'3" - 5'6" | SMALL |
| ANG SYS LARGE | 5'7" - 6'0" | LARGE |

The Angle™ Clinically proven to be effective

The Angle has two U.S. - Patents and is designed for those suffering from back and body pains. The Angle helps to diminish pain while it supports the structural integrity of the spine, reducing pressure on muscles and discs, allowing passive traction using the weight of your body to allow the spine to relax.

The Angle offers the following benefits:

- *Guaranteed to help reduce back pain
- *Leaving you supported and relaxed
- *Reduces the discomfort of lower back pain due to: herniated or bulging discs, arthritis, edema, phlebitis and Sciatica
- *Eases aching muscles and improves circulation
- *Provides immediate comfort while reclining or sleeping.

KNEE-T[®] Regular

The proven patented design of the KNEE-T helps to reduce discomfort from any condition which demands space between both legs while lying on your side. The KNEE-T supports and keeps the legs in a neutral position with a strap that holds them in place. This product is perfect for patients with knee injuries, Bunions, Hammer Toe, Corns, or any ankle or foot injuries. It also aligns and reduces stress on the hips and joints.

The HUG™

The Hug will reduce tension and stress and provides quicker recovery time. A deeper more restful night's sleep and helps create more energy. The Hug is the answer for shoulder pain. Side sleeping positions cause pressure on the joint via your own weight or gravity and it is not very likely you will wear a brace to bed. The Hug will function as a prop or brace without any restrictions of movement. The Hug is contour-shaped to fit everyone & available in two sizes. Made from the highest quality Bio-foam and covered with very soft 100% Cotton Sherpa or Terry Cloth.

Doctor Choice Pro - D.C. PRO

Our Doctors Choice™ Therapeutic Sleep System is the only pillow that is fully adjustable, providing the user with perfect personalized comfort for a sound sleep. The user may also change the shape of the pillow over time to encourage the restoration of their cervical curve. Many people may find it uncomfortable to switch directly from a regular “flat” pillow to most of the cervical pillows on the market due to the change from a kyphosis (damage-causing) “flat” pillow to a lordosis (healthy curve) cervical pillow.

- Adjusts in hundreds of ways
- Works for different sleeping positions
- In-home passive traction
- Perfect for the changing spines of children and adults
- Gradual process

The Curve

The Curve™ Pro is an orthopedic cushion that reduces the discomfort of lower back pain due to herniated discs, arthritis, sciatica, spondylothesis, sway-back, and ordinary muscle tension. It provides the ultimate in cervical mid-lower-back comfort. The Curve Pro provides therapeutic benefits to these muscles: Erector spinae, multifidus, Ilicostalis lumborum, interspinal, latissimus dorsi, longissimus, quadratus lumborum, rotatores, serratus inferior, and serratus posterior. The Curve Pro has demonstrated beneficial effects on the following ligaments: Interspinal, intertransverse, iliolumbar, longitudinal, lumbar aponeurosis, supraspinal and spinal. The Curve Pro also provides therapeutic benefits to the thoraco-lumbar fascia.

Curve - The Curve Face Down Full Body Support With Vinyl Cover - 16"x37"x9"

Back Support Systems BeCool Neck Contour Pillow
